

December 15, 2020

Ron Smith
49954 Lake Avenue
McGregor, MN 55760

Dear Mr. Smith,

My name is Cathy Larson and I am currently the President of the LMLID (Lake Minnewawa Lake Improvement District). Each year LMLID is required to prepare and file a report of the financial conditions of the district, the status of all projects in the district, the business transacted by the district and any other matters affecting the interest of the district. I have attached our 2020 Financial report.

As you know 2020 has been a challenging year for everyone and that includes LMLID. A couple of the projects for 2020 were put on hold due to the pandemic. We are hoping that 2021 will be different.

As for projects in 2021. LMLID will continue to support the LMA and the water quality control plan (see annual financial report). In addition, the LMLID is working very closely with the DNR and the LMA on a fish ladder that was approved by the DNR to build for Lake Minnewawa. At this time LMLID has not received an official estimate of what this will cost. We are prepared to fund this project if the need arises. The organization also funded an AIS survey, which the results came out very positive for the lake. Positive in a good way. I have included the survey results in your envelope. We are also working with the LMA on loon nesting sites and water fowl nesting (Wood ducks). Again, the funds needed for these projects have not yet been determined. LMLID has also had discussions about improving a couple of the public landings on the lake. LMLID continues to go to the public for any ideas they may have to help improve the lake.

Please feel free to contact me with any questions and or concerns you may have. My phone number is 612-708-8914 and my email is anitabeer60@comcast.net.

Thank you for your continued support. Have a wonderful holiday season.

Sincerely,

Cathy Larson
President LMLID
